

gpio_port_config

```
graph BT; gpio_port[gpio_port] -.->|configuration| gpio_port_config[gpio_port_config];
```

The diagram illustrates a configuration relationship between two components. At the bottom is a box labeled 'gpio_port' with a light gray fill. A dashed purple arrow points upwards from this box to a box labeled 'gpio_port_config' at the top. The arrow is labeled 'configuration' to its right.
